

Power Generation Technologies

a Division of ESC

- The purchaser will be responsible for the security, safety, and care of the proposed instrumentation throughout the rental period and will provide a suitable shelter for the instrumentation upon arrival at site.
- Should the purchaser request that PGT provide additional services, PGT will provide the purchaser with a quotation delineating the additional charges, and the purchaser agrees to pay these additional charges.

Pricing

The proposed pricing for the test instrumentation is presented below.

Description	Initial Month's Rental ⁽¹⁾	Subsequent Monthly Rental ⁽²⁾	Shipping
Attachment II, Option 1	\$7,438	\$7,384	Cost plus 10%
Attachment II, Option 2	\$3,719	\$3,692	Cost plus 10%
Attachment II, Option 3	\$105	\$77	Cost plus 10%

Notes:

1. The initial rental charge includes charges for preparation, pre-test calibration (as required), and one-time expendables.
2. After the initial month, instrumentation rental will be charged at the subsequent monthly rental rate (or prorated for a partial month).

Terms and Conditions

See Attachment I for the Standard Terms & Conditions.
